WSR Declaration of Tacit
Consent

Subject WSR declaration regarding tacit consent transit of waste

The Human Environment and Transport Inspectorate, hereby, declares that individual notifications for the transit of waste through Dutch territory will not receive written consent. This means that tacit consent is given in accordance with article 9(1) of the Waste Shipment Regulation (WSR, EC 1013/2006).

The tacit consent under article 9(5) of the WSR takes effect 30 days after the date of acknowledgement of receipt of the notification by the competent authorities of destination. If the consignee has pre-consented facility status, then the tacit consent goes into effect within 7 working days after acknowledgement of receipt.

The Human Environment and Transport Inspectorate will therefore not provide a specific written or digital confirmation of consent per transit notification.
