# APPLICATION FOR THE CERTIFICATION OF AN AIR NAVIGATION SERVICE PROVIDER ORGANISATION

## 9. Cross Reference Self Assessment List

- The Cross Reference Self Assessment List defined in the NSA certification procedures are forwarded together with this application form.

## 10. Derogations

- The organisation applies for specific derogations in accordance with Article 4 of Commission Regulation (EC) xxx/2005, dated xx October 2005 and such derogations have been determined as appropriate by the NSA.

Tick as appropriate:

- The applicant intends to provide ATS services only with respect to one or more of the following categories:
  - General aviation
  - Aerial work
  - Commercial air transport limited to aircraft with less than 10 tonnes of maximum take off mass or less than 20 seats
  - Commercial air transport with less than 10.000 movements per year (counted as the sum of take-offs and landings), regardless of the maximum take off mass and the number of aircraft seats used, the number of movements being calculated as the average over the previous three years
- The applicant is an air navigation service provider other than a provider of air traffic services and has a gross annual turnover of 1.000.000 EUR or less in relation to the services it provides or intends to provide.
- The applicant provides, or intends to provide, AFIS services by operating regularly not more than one working position at any aerodrome where this service is provided.
- The applicant has documented the relevant evidences of all the above in its organisation exposition.
