They have an own complaint system.

Which body(ies) imposed the penalties ?

The inspectorate is the sole body which can imposes penalties.

5) Other actions taken in order to ensure the correct application of the Regulation:

The inspectorate has visited several ferry-companies. They have an own complaint system. Especially in 2020 during the corona pandemic the inspectorate received an increasing number of questions on this topic. The questions were related to the corona pandemic and not to a possible breach of regulation 1177/2010. Reference has often been made in writing or by telephone to a complaint procedure that a shipping company must have (article 24 EU 1177/2010) in case of a breach of regulation 1177/2010. In cases related to the corona pandemic, such as cancellations, vouchers and / or refunds, there is referred to Commission Recommendation (EU) 2020/648 and the EU website.

6) General information on the environment in which the Regulation is applied in your Member State:

*Terminals and Merchant shipping*

In the Netherlands there are three major terminals. 128 cruise ships will visit Amsterdam in 2019. 108 Cruise ships will visit Rotterdam in 2019; in IJmuiden it concerns about 60 cruise ships in 2019. The cruise market in the Netherlands was an increasing market until the start of the corona pandemic. At this moment 26 cruise ships and 6 ferries sailing under Dutch flag fall under the scope of the regulation.

*Inland waterway transport*

River cruises and ferries fall under the scope of the regulation if the crew responsible for the operation of the ship is composed of more than three persons. This means that about 145 river cruise ships registered in the Netherlands fall under the scope of the regulation. It also concerns and 9 ferries to the Dutch islands registered in the Netherlands.

*Exemptions*

Exemptions do not apply in the Netherlands.

7) Any other comment/information to be reported

The Inspectorate has received no complaints. This seems to be in line with the experience of the year 2018.
